

CREATE, CONNECT, PROTECT

SFERO™

Introducing the next step in modular loss prevention technology and high detection accuracy with a seamless and discrete design that can be tailored to your needs.

Based on your level of shrinkage across individual outlets, you can tailor your SFERO solution and adapt the level of protection for each retail environment in your portfolio as your store and business grow and change, ensuring you maximize your business revenues.

POWERFUL DETECTION CAPABILITY

In many cases greater than 95%, that protects stores, reduces shrinkage and maximizes revenues.

A FULLY CUSTOMIZABLE MODULAR SOLUTION

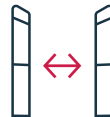

Can be tailored to individual stores depending on customer needs.

AN AGILE RFID SOLUTION DESIGN

Developed to seamlessly integrate with customer visual merchandising that provides a clean open entrance without visual impact.

MODULAR DESIGN TO SUIT ANY STORE

COVERS UP TO 10M ENTRANCE WIDTHS AND 3.5M HEIGHTS

CAPABLE OF GREATER THAN 95% DETECTION RATE

Product:

SFP10 LEFT FCC
SFP10 RIGHT FCC
SFO10 FCC
ALARM BOX

Part Numbers:

10036725
10036726
10036901
10036553

Product:

SFP10 LEFT ETSI
SFP10 RIGHT ETSI
SFO10 ETSI
